The project in Lake County has gone through months of planning at the local level with interaction with the state level to get approval and make sure it fits with the state administrative law rules as well as other rules.

A local rule has been developed for this "pilot project." Consistent with the state rules concerning instituting local rules, the local rule is open for public comment June 1 to July 1

In order to facilitate discussion concerning E-filing and to explain how E-filing would work and the cost of same, the Lake County Bar Association is sponsoring a CLE. The plan is to start with the CT cases and gradually expand to all cases.

Judge Dywan has been spearheading this project and has been working with a committee consisting of attorneys, members from the clerk's office, and members from data processing.

The attorney members who have been attending the monthly sessions include Doug Angel, Sam Miller, William Jonelis, Cordell Funk, Alexander Woloshansky, Don Schlyer, and Kent Jeffirs.

The 2 hour seminar will be held on Wednesday, July 11 from 4 pm to 6 pm. The seminar will be held in the LCGC Auditorium. There will be 2CLE credits. The cost for attending the seminar will be \$25 for LCBA members and \$50 for nonmembers. Be sure to join LCBA to get this discount!

Clip the registration form below and send to the LCBA office with payment

### ELECTRONIC FILING CLE to be held July 11

Electronic Filing of all pleadings is coming to Lake County. As you are aware, E-filing is already mandatory in the federal courts and, once one has mastered the system, has provided for much more efficient and less costly filing of papers and receiving court dates.
